

AccessMedicine® is an interactive learning solution from the best minds in medicine.

AccessMedicine® equips healthcare students with the tools they need to develop clinical reasoning and excel in basic and advanced studies, clerkships, and crucial test prep.

You will find in **AccessMedicine®**:

- An unparalleled digital library including landmark texts such as *Harrison's Principles of Internal Medicine*
- Human Anatomy Modules
- Vast multimedia library
- Comprehensive test preparation and self-assessment (Q&A)
- Cases
- Infographics
- Podcasts
- Instructor resources

And much more

To get started, visit our [Onboarding Landing Page](#) for information on how to:

1. Access your subscription and configure off-campus access (if you haven't already)
2. Create a free Access profile to interact with site content
3. Download the [Access App](#) to use all Access content on-the-go, and more!
4. Here is the link to the Access Medicine site included in your trial (please note that the links may need to be configured to work off-campus):

[AccessMedicine](#)

Trial is now open for one month!
