Papaya  
Carica papaya

**Dr. Mehmet Ali GÜNDOĞDU**

The image shows three papayas against a dark background. At the top is a whole, ripe papaya with a bright yellow-orange skin. Below it on the left is a papaya cut in half, revealing a thick, orange-red flesh and a central cavity filled with numerous small, dark brown seeds. To the right is a whole, unripe papaya with a green and yellowish skin.
